

UNIVERSITY OF MEMPHIS CERTIFICATE OF IMMUNIZATION

TENNESSEE STATE LAW requires all students entering the University of Memphis to provide documentation showing their immunizations are up-to-date. Documentation must contain proof of **2 MMR** and **2 Varicella** immunizations or proof of immunity. The MMR is the combination immunization for the Measles, Mumps, and Rubella and the Varicella immunization is for Chicken Pox.

IMPORTANT NOTE: Acceptable documentation of immunizations must be submitted to Student Health Services before a student can register as a *full-time* student. Forms missing personal information, such as the Student ID number, will take additional processing time and will delay the student's ability to register for full-time credit hours.

Immunizations Required Under Tennessee State Law

All students registering as full-time students at the University of Memphis must proof of immunizations. Documentation of 2 MMR immunizations or proof of immunity for Measles, Mumps, and Rubella and documentation of 2 Varicella immunizations or proof of immunity for Varicella (Chicken Pox) are required. Acceptable documentation and special notes concerning these requirements are listed below. Documentation must be in English. Photocopies and faxed documentation are acceptable as originals cannot be returned.

Acceptable documents are:

- The Certificate of Immunization form completed and signed by health care provider
- A copy of an official immunization card
- Shot record from your local Public Health Department
- Military form DD214
- Active Military – ID must be provided
- Official documentation from a prior college or university showing immunization dates
- Proof of Immunity
 - A **positive** result for all three components of the MMR (Measles, Mumps, Rubella) Titer test
 - A **positive** result for the Varicella Zoster IgG (Chicken Pox) test
 - Or if diagnosed with the disease of Chicken Pox, the student must provide documentation from a healthcare provider (i.e. physician, nurse practitioner, etc) confirming when the student had the disease.

MMR – Special Notes

- **Graduate students** who graduated from a **Tennessee** high school in May 1999 or after may send a copy of their high school diploma or documentation of 2 MMR immunizations
- Students who graduated from a **Tennessee** high school between May 1979 and May 1998, must provide documentation of **ONE** MMR immunization given after their graduation date or documentation of 2 **MMR** immunizations

The following students are not required to provide MMR documentation

- If you were born before 1957, a Part-time student (If status changes to full-time, documentation must be provided.), or an **Undergraduate** student who graduated from a **Tennessee** high school in May 1999 or thereafter.

Varicella/Chicken Pox – Special Notes

- Students who graduated from a **Tennessee** high school between May 1999 and May 2016, must provide documentation of **ONE** **Varicella** immunization given after their graduation date or documentation of 2 **Varicella** immunizations

The following students are not required to provide Varicella documentation

- If you were born before January 1, 1980 or a Part-time student (If status changes to full-time, documentation must be provided.)

Documentation may be faxed, mailed or brought to Student Health Services.

Our Mailing Address: Student Health Services, 200 Hudson Health Center, Memphis, TN 38152

Our fax numbers: (901) 678-3124 or (901) 678-1359

Not able to locate MMR or Varicella documentation?

Your options are:

Have the test for immunity

- If any component of the MMR Titer test is not positive, **BOTH** immunizations must be taken again
- If the Varicella Zoster test is not positive, **BOTH** immunizations must be taken again

Have both immunizations again

- Because the immunizations must be given 30 days apart, after the student has their first immunization, a temporary 30 day waiver will be given so the student can register for full-time credit hours.

Note: Exemptions may be requested if the student has an allergy to a vaccine component, has a valid medical condition which contraindicates receiving the vaccine, or religious tenets prohibiting vaccinations. If you believe you are entitled to an exemption based on one of the preceding grounds, you must contact Student Health Services at the University of Memphis prior to registration. If an exempted student contracts Measles, Mumps, Rubella, or Varicella, or if a Measles, Mumps, Rubella, or Varicella outbreak occurs, it will be the student's responsibility to remain off campus until a physician gives written permission for the student to return to campus.
