Old Business

1. Global updates for Health Sciences Library
   a. Move Sp&Hr on July 20 and McWherter on July 27, will update on command from CM.
2. Harvesting ContentPro and ETD into Encore Duet
   a. Elizabeth will report on options for harvesting ETD for the August meeting.
3. User testing of Encore Duet: https://memphis.co1.qualtrics.com/SE/?SID=SV_eFphkLVTdmssOHP
   a. Sent to IRB, they dismissed. In Encore Duet interface, pursuing other means of dissemination.
4. Encore Duet facets relabeled. Innovate reported that they can’t move “date published.”
5. Database Page (http://sierra.memphis.edu/search~S4/y) updates:
   a. “Library Database Training” switched to “Library Database Passwords”
6. Proxy Server migrated to virtual machine, minimal service interruption.
   a. Software update scheduled for Wednesday, August 5.
8. Suppressed MARC 891 from display.
9. Coverage load towards the end of the summer, after Law can clean up holdings in SS.

New Business

1. Suppressing $4 and $e in author fields and $2 and $0 in headings from display.
   a. Rachel has made these changes, please report any problems.
2. eBook holdings are in OCLC
   a. Inconsistent now. Previous policy said not to set holdings, but some vendors added them nonetheless.
   b. Group decided to add holdings to purchased ebooks, but not to subscriptions.
      i. Rachel updated holdings August 2/3.
3. Send via text message option in Sierra (not Encore Duet)
   a. Group has interest and Rachel will explore for October or November.
