Required Qualifications for Your Program

TIME SENSITIVE

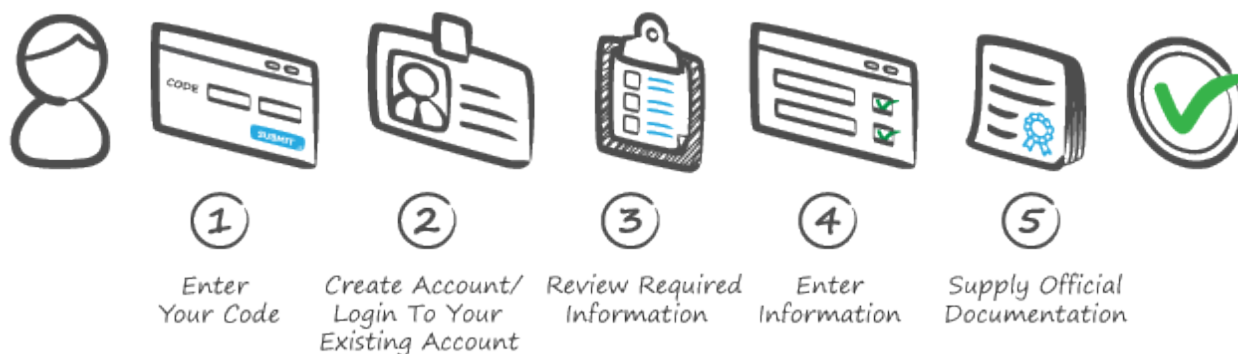

DO NOT DELAY

ATTENTION Students:

We've partnered with Verified Credentials, Inc. to help you supply the required qualifications for your program. It is the student's responsibility to complete the background check as directed, to pay all costs associated with such checks, and provide vendor with requested information regarding results. Students will be sent the full report and this should be retained. A criminal background check flagged Yellow or Red requires documentation from the student describing the nature of the issue. This will be reviewed by LCON to determine if further action is needed. In the event that any healthcare facility (contracted by LCON for educational purposes) denies entrance to you as a student due to information revealed by the background check, you will not be able to complete the course requirements. Failure to meet the course requirements will result in termination from the nursing program.
