You can self-report your standardized test scores or report tests you plan to take in this section. Some of the programs you apply to may require you to report certain test scores; be sure to check with your programs to ensure you are completing all requirements. Click Add a Standardized Test to add test scores for exams you have taken more than once. You can also click I Am Not Adding Any Standardized Tests to not report any tests. Click here for more information.

Once you submit your application, you cannot edit previously entered tests, but you can add new tests.

Note that self-reporting your scores isn’t the same as providing official scores to your programs. If your programs require official GRE, GMAT, MCAT or TOEFL test scores, see Sending Official Test Scores.

For tests other than the GRE, GMAT, MCAT, and TOEFL, mail your official test scores to:
