

Department of Physics and Materials Science

Friday October 28, 2016
9:00 am - 1:00 pm / 201 Manning Hall

Registration starts at 9:00 am
Student Groups Welcome!

Register in Advance Online at
www.memphis.edu/physics

Open to the Public.
Free Admission - All Ages.
Snacks and Refreshments.

**Have you ever wondered
what you could do with a
Degree in Physics & Materials Science?**

**Are you debating whether
or not you should pursue a
Degree in Physics & Materials Science?**

**Do you know a friend or
family member interested in a
Degree in Physics & Materials Science?**

Guest Speakers

Dr. Christopher Marino
Large Hadron Collider (LHC)

Our first speaker will take us through his work at the Geneva-based CERN Large Hadron Collider (LHC) - an accelerator complex and its experiments. His Journey with physics and other physics careers.

Steve Hartley
Missile Defense

Our second speaker will take us through his career in missile defense with his talk: "How being a mediocre physics student wound up preparing me to succeed in real world rocket science."

THE UNIVERSITY OF
MEMPHIS®
