

Disability Resource Coordinator cont'

## Pains & Issues:

Please Read First: The issues and pain points identified during the As Is Process Mapping workshop and the Analysis workshop are noted below. The Issue is numbered and its Root Cause Analysis is in red text, preceded by **RCA** prefix.

1. Manual processes.

**RCA: Paper process.**

2. Human Error.

**RCA: Paper process.**

3. Student no show.

**RCA: Students do not cancel meetings.**

4. Handoffs.

**RCA: Manual process and lack of automation.**

5. Manual communications.

**RCA: Lack of automation and current system abilities.**

6. Documentation not adequate for decision making.

**RCA: Students do not provide all the necessary information when completing forms.**

7. Student cannot access system and start process.

**RCA: File maker pro system does not allow Single Sign On (SSO).**

8. Front desk staff members are interrupted to assists students on the process status.

**RCA: Information cannot be communicated to the students from the current system.**

9. Student without technology access.

**RCA: Students do not access to technology outside the university.**

10. Students wait until last minute to start process.

**RCA: Students are unaware of the processing time.**

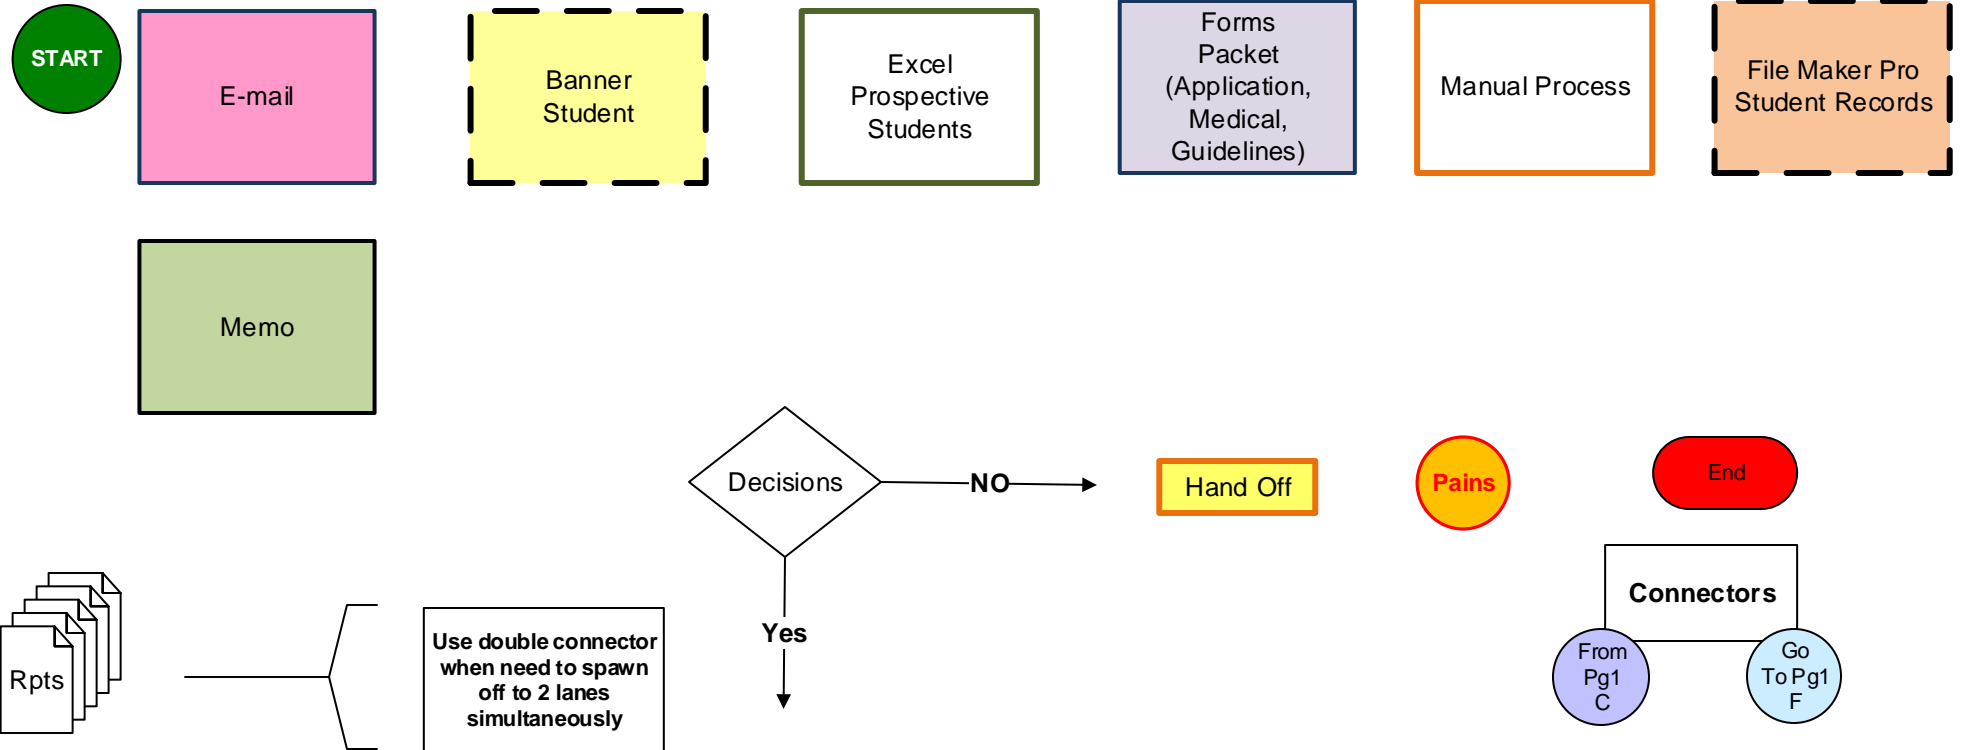

11. Electronic documents (word,excel,PDF) are stored on internal department server, dependable backups are not performed or verified.

**RCA: Department doesn't use ITS storage and backup services.**

## Analysis of the 'AS IS' process

1. Are all roles essential? **Yes**
2. What is the number of hand-offs? **3**
3. Are any steps automated? **No**
4. What steps can be eliminated or automated? **Student can begin process submission, eliminating the coordinator starting the process, creation of the schedule plan and memo and automated communications. Eliminate front desk staff providing information**
5. What tasks consume the greatest amount of time? **Reviewing documents, creating forms and communication with student**
6. Does each task add value? **Yes**
7. What steps should be added? **None**
8. Iterations (how many times is process repeated in a timeframe)? **Three times a year, once for each semester**
9. Percentage of errors (forms returned, corrected, contacted person for corrections, etc.) **95%**
10. % FTE and/or estimate time takes for each key role in the process. **Approximately 300 new students processed academic year**  
**Approximately 300 new students processed academic year**  
**300 students \* 1.5 hours to meet and complete the process = 450 hours**  
**744 recurring students \* 30 minutes each semester = 372 hours**
11. Metrics – identify measurable outcomes What do we expect to save (time, manual steps, paper, unnecessary reviews & approvals). **Save time, eliminate manual steps, provide automated communications, office supplies (paper, staples, pens, paper clips, file folders)**

# Legends

Note: On revisions some departments do not send form back to faculty for signature
