Analysis of the 'AS IS' process

1. Are all roles essential? **Yes**
2. What is the number of hand-offs? **7**
3. Are any steps automated? **No**
4. What steps can be eliminated or automated? **Email communications , case file scanning, access to data if had an electronic system**
5. What tasks consume the greatest amount of time? **Creating letters**
6. Does each task add value? **Yes, following policy**
7. What steps should be added? **None**
8. Iterations (how many times is process repeated in a timeframe)? **Bi-weekly**
9. Percentage of errors (forms returned, corrected, contacted person for corrections, etc.) **1%**
10. % FTE and/or estimate time takes for each key role in the process. **10%**
11. Metrics – identify measurable outcomes (time, manual steps, paper, manual communications, unnecessary reviews & approvals). Identify current time spent on task for roles: **8-10 cases a year = estimated 120 hours academic year**
 - Director – **8 hours**
 - Dean - **3-4 hours preparing and facilitate pre-hearing**
