

# OPTIMAL LEARNING LAB

Join us for our weekly lab meetings on Fridays, 11-12 pm,  
FedEx Institute of Technology, room 407

Join our mailing list to hear meeting announcements ([ppavlik@memphis.edu](mailto:ppavlik@memphis.edu))

## Want to gain valuable research experience?

We are looking for motivated undergraduate research assistants!

### Prerequisites:

- 3.0 GPA or higher
- Able to work a minimum of 4 hours/ week

### Lab's research projects:

- Elaborative study methods (e.g., **concept mapping**)
- Testing and spacing effects (**memory**)
- Development of computer-based **tutoring systems**

### Duties include:

- Running experiments
- Creating experimental materials
- Aiding in experimental design and data analysis

### Potential benefits for you:

- Gain experience with planning and conducting research
- Practice with data analysis and SPSS
- Future job references
