RESEARCH EXPERIENCE

2010-2011 Research Assistant, Department of Psychology, St. Jude Children's Research Hospital (10 hrs./wk.)

Project Description: Researching posttraumatic stress and resilience among
 pediatric cancer patients and their caregivers.

Duties: Conducting interviews with pediatric cancer survivors and their
 caregivers. Verifying data via a double-entry SPSS Interviewer program.
 Preparing and submitting abstracts for conferences. Presenting research at
 conferences. Preparing manuscripts for publication.

Supervisor: Sean Phipps, Ph.D.

2010–2011 Self-funded as Co-Principle Investigator (10 hrs./wk.)

Project Description: American Academy of Pediatrics-funded group-controlled
 trial examining the effectiveness of a physician-delivered tobacco control
 intervention on parental tobacco control attitudes, knowledge, and behaviors.

Duties: Co-authored grant proposal. Developed measures & consent forms.
 Designed motivational interviewing intervention for pediatricians to use in order
 to encourage parents to keep their tobacco away from children. Designed
 brochure describing the study for participants. Wrote instructional plan for
 teaching physicians to deliver the intervention and constructed a brief pocket
 guide for pediatricians. Trained physicians and practice staff to follow study
 protocols. Instructed control practice in study procedures. Drafted Institutional

Review Board proposal. Supervised graduate students working on project. Created data management protocol and wrote codebooks documenting data. Designed data entry forms, and data verification systems. Completing follow-up surveys with parents.

Funding Source: American Academy of Pediatrics, TN Chapter

Supervisor and Co-PI: Leslie A. Robinson, Ph.D.

May 2010 Research Assistant, Psychology Department, The University of Memphis (5 hrs)

Project Description: In a child assessment lab, examined relations among brief measures of mathematics ability.

Duties: Assisted with data collection for the study *Relationships Among Brief Measures of Mathematics Ability*. Observed group administrations of brief measures of mathematics, reading, and processing speed ability in 2 second-through fifth-grade classrooms. Monitored participants for understanding of instructions and completion of practice items and test items. Evaluated lead researcher for administration integrity.

Supervisor: Jennifer Maynard, M.S.; Randy Floyd, Ph.D.

2009-2010 Research Assistant, Department of Behavioral Medicine, St. Jude Children's Research Hospital (10 hrs./wk.)

Project Description: Researched health behaviors among pediatric cancer patients and their caregivers. Examined interventions to reduce tobacco use among pediatric cancer patients and their caregivers.

Duties: Prepared manuscripts. Conducted literature searches. Edited oral presentations and conference posters.

Supervisor: Vida Tyc, Ph.D.

2007-2010 Research Assistant, Center for Health Promotion and Evaluation, The University of Memphis (20 hrs./wk.)

Project Description: Worked on 3 NIH-funded studies of tobacco use among adolescents, in addition to a number of smaller projects.

Duties: Lead data manager for multiple datasets including thousands of adolescents assessed annually from 5 to 10 years. Developed analytic approach and conducted data analysis in logistic regression (among other approaches). Wrote empirical paper on the impact of physician communication on adolescent smoking. Prepared posters and talks for conferences on topics such as ethnic differences in the impact of physician behaviors, initial reactions to tobacco exposure, stress and smoking, and alcohol expectancies. Manager of reference database (2,000 references); extensive knowledge of FilemakerPro spreadsheet construction, modification, and maintenance. Mentored graduate and undergraduate students.

Funding Sources: NIDA, NHLBI, & NCI

Supervisor: Leslie A. Robinson, Ph.D.

- 2008-2009 Research Assistant, Department of Behavioral Medicine, St. Jude Children's Research Hospital (10 hrs./wk.)**
Project Description: Researched the predictive validity of smoking intentions among pediatric cancer survivors. Explored sperm cryopreservation practices among adolescent males with cancer.
Duties: Conducted literature searches. Edited IRB proposals. Prepared manuscripts. Prepared research proposal for the use of data from The Childhood Cancer Survivor Study.
Supervisor: James Klosky, Ph.D.
- 2006-2007 Research Assistant, Behavioral Sciences Department, Christian Brothers University (10 hrs./wk.)**
