

Dual MHA/MBA

ABOUT THE DUAL DEGREE

The MHA/MBA program prepares students for leadership roles in healthcare organizations through the integration of advanced management and business skills in healthcare services and clinical settings. This dual degree addresses the emerging need for healthcare executives to manage healthcare systems in a complex and competitive financial, operational and regulatory landscape. The innovative "Day One" program, includes team development activities and seminars that build core professional attributes. Students can also enhance their skills with the Health Systems Leadership graduate certificate.

It can be completed in a full-time schedule of 24 months or a part-time schedule for more flexibility. Residential MHA students complete the MHA courses on campus. Executive MHA students (with minimum five years professional experience) complete the MHA courses entirely online. MBA courses are offered only online.

IS THIS DEGREE FOR YOU

- Professionals who seek to integrate healthcare management and business acumen to navigate complex healthcare environments
- Those with backgrounds in healthcare administration, clinical practice, business management, or related fields who seek to enhance their skills and lead healthcare organizations

NATIONAL AND PROFESSIONAL CREDENTIALS

It is a full graduate member of the Association of University Programs in Health Administration (AUPHA) and belongs to ACHE's Higher Education Network (HEN).

The program is accredited by the Commission on Accreditation of Healthcare Management Education (CAHME).
