

Master of Healthcare Administration

ABOUT THE PROGRAM

The MHA Program prepares students for success in the healthcare sector through high-quality on-campus didactic learning, an immersion experience, and engagement with local and regional healthcare and clinical organizations. The innovative "Day One" program, includes team development activities and a series of seminars that address core professional competencies. Students can enhance their skills with the Health Systems Leadership graduate certificate.

It can be completed full-time in two academic years or part-time in as few as three years. Evening classes accommodate both full-time/part-time students.

IS THIS DEGREE FOR YOU

- Students with backgrounds in healthcare, business, or related fields who wish to pursue a career in healthcare and improve healthcare delivery, enhance patient outcomes, and drive organizational change
- Professionals in hospitals, clinics, or public health organizations

WHERE OUR GRADUATES ARE

Graduates are employed in local and regional healthcare organizations. Most of them find post-graduate career opportunities through their administrative residency experiences.

NATIONAL AND PROFESSIONAL CREDENTIALS

It is a full graduate member of the Association of University Programs in Health Administration (AUPHA) and belongs to ACHE's Higher Education Network (HEN).

The program is accredited by the Commission on Accreditation of Healthcare Management Education (CAHME).
