

# Executive Master of Healthcare Administration

## ABOUT THE PROGRAM

Professionals in the Executive MHA program will enhance their leadership and management skills, and gain insights in healthcare policy, governance, crisis management, and data-driven decision-making to lead healthcare organizations through change and innovation.

Students can further enrich their learning with the Health Systems Leadership graduate certificate.

It can be completed full-time in two academic years or part-time in as few as three years. The online modality affords accessibility and flexibility to complete the program at different paces and schedules.

## IS THIS DEGREE FOR YOU

- Mid-to-senior level professionals who are already working in healthcare or related fields
- Those wishing to advance their careers in healthcare systems at the executive level by gaining advanced skills in strategic leadership, financial management and organizational transformation

## WHERE OUR GRADUATES ARE

Graduates of the Executive MHA program hold leadership roles in hospitals, healthcare consulting firms, and public health organizations.

## NATIONAL AND PROFESSIONAL CREDENTIALS

The program is a full graduate member of the Association of University Programs in Health Administration (AUPHA) and belongs to ACHE's Higher Education Network (HEN).

The program is accredited by the Commission on Accreditation of Healthcare Management Education (CAHME).
