SPACMNT – Person Comment Form

- Enter the Student ID. Select Block Next.
- **Step 1:** Enter the appropriate Comment Type*. The Comment Type should be 100 for “general” unless it is tied to a hold in which case the Comment Type will be HXX where XX is the Hold Type that the comment matches.
- **Step 2:** Enter Origination Code for the office of the person creating the comment. Use the drop down arrow to find the proper code. Leave the Contact blank.
- **Step 3:** Tab to the Comments section or place your cursor there with the mouse. Type your comments in the Comments box. These should be carefully worded and brief. Offices may want to establish guidelines. These comments can be viewed by all people who have query access to the form. Students do not have access to the information.
- **Step 4:** Save.

*Notes: The confidentiality box indicates that the comment is confidential but it does not restrict it from view. Do not use the Narrative Comments box at this time.

*There may be other comment types added later. Now the University College will be using this to track the application status of students applying to the college (UCA-active, UCI-inactive, UCP-pending), and the offices setting holds will use to more fully explain the reason for the hold.
