Managed Financial Conflicts of Interest (FCOI) with Research funded by Public Health Service (PHS)

Current as of April 25, 2018

Date Disclosed:	March 21, 2016, April 3, 2017, April 9, 2018
Investigator with FCOI:	Deepak Ganesan
Title:	Professor
PHS Funding:	NIH 1 U54 EB020404-02, sub award # 5-40312
Role on Research Project:	Co-investigator, principal investigator at UMass Amherst
Name of Entity in which Significant Financial Interest is held:	New start-up company, Lummé Inc.
Nature of the SFI:	Prof. Ganesan has launched a start up company to commercialize aspects of the technology forming the basis of his research program (wearable sensors). He is a principal of Lummé Inc., and any equity in a private company constitutes a significant financial interest under the regulations.
Approximate dollar value of the SFI:	The interest is one whose value cannot be readily determined through reference to public prices or other reasonable measures of fair market value
