# WELCOME

Dear Prospective Candidate:

Thank you for your interest in becoming a Memphis Tiger! We are delighted that you are considering joining the University of Memphis community. Our department conducts national and international searches and is committed to building a diverse, talented, and highly qualified professional staff. Throughout the recruitment process, candidates may participate in both virtual and in-person interviews. For current openings and application details, please visit the University's WORKFORUM recruitment website. We also encourage you to explore our departmental website at memphis.edu/reslife/ and University website at memphis.edu/ to learn more about our vibrant campus community.

We created this recruitment guide to help you gain a meaningful understanding of the University of Memphis and the Department of Housing and Residence Life. Within these pages, you will find an overview of the institution, insight into our department and the Division of Student Affairs, descriptions of our residential facilities, and a glimpse into life in Memphis beyond campus. Our hope is that this guide offers a well-rounded picture of who we are, what we value, and what it means to live, learn, and work at the UofM.

This is an exciting and transformative time to be a Tiger! Our department is experiencing significant growth and momentum as we strengthen operations and intentionally enhance the residential experience. Following a recent departmental reorganization, we have improved internal processes, expanded staff support, strengthened campus partnerships, and elevated the overall quality of on-campus living.

Central to this work is our commitment to implementing a comprehensive residential curriculum that supports student learning, belonging, and success beyond the classroom. In close collaboration with the Division of Student Affairs and key campus partners, our professional staff play an integral role in creating inclusive communities, supporting student development, and contributing to university-wide recruitment, retention, and graduation efforts. We strive to ensure that our residence halls are not only places to live, but spaces where students feel connected, supported, and empowered to thrive.

Thank you again for your interest in our housing program and taking the time to learn more about our work. We are excited about the possibility of you joining our team. Please feel free to contact me directly with any questions at brian.rock@memphis.edu or 901.678.2295.

Go Tigers Go!
