Helpful Tips

• Housing assignments are on a first come, first served basis—it is important to apply as early as possible.

• We prioritize creating an inclusive environment in which all students feel valued and respected. As such, we refrain from categorizing or assigning students based on ethnicity, nationality, religion, or any other factors and protected classes. Our commitment to diversity and inclusivity underscores our belief in equality and fairness for all individuals.

• If you require housing accommodations related to a disability or other health concern, please contact the Disability Resources for Students (DRS) office and indicate the need within your application. The DRS accommodation must be approved prior to accommodating assignment.

• Roommate Preferences/Matching: Selecting a roommate on your application does not guarantee that you will live with them but will help Housing and Residence Life when making room assignments.
  • If you have specific people that you would like to live with, you can create a Roommate Group within the application. By applying together as a group, you increase the likelihood of your roommate requests being accepted.
  • Both parties must request each other to be assigned to the same room.

• Complete the Roommate Agreements through the RoomPact website when you arrive.

• Review the list of items you can and cannot bring to the residence halls on our website.

• The summer is an exciting time for incoming students. You may be eager to arrive or have many questions.
  • Please allow us time to work through housing assignments and be patient with our office.
  • Email is often the best and fastest way to reach us. Please allow 1-2 business days for response.

• Get involved and participate in your residence hall and campus activities.

*Note: If you choose to live off campus, please remember that you should not pay a deposit or sign a lease until you have seen the apartment and where it is located.*
