

Nintendo Wii Registration and Configuration

This tutorial will help to connect your Nintendo Wii to the residence hall network.

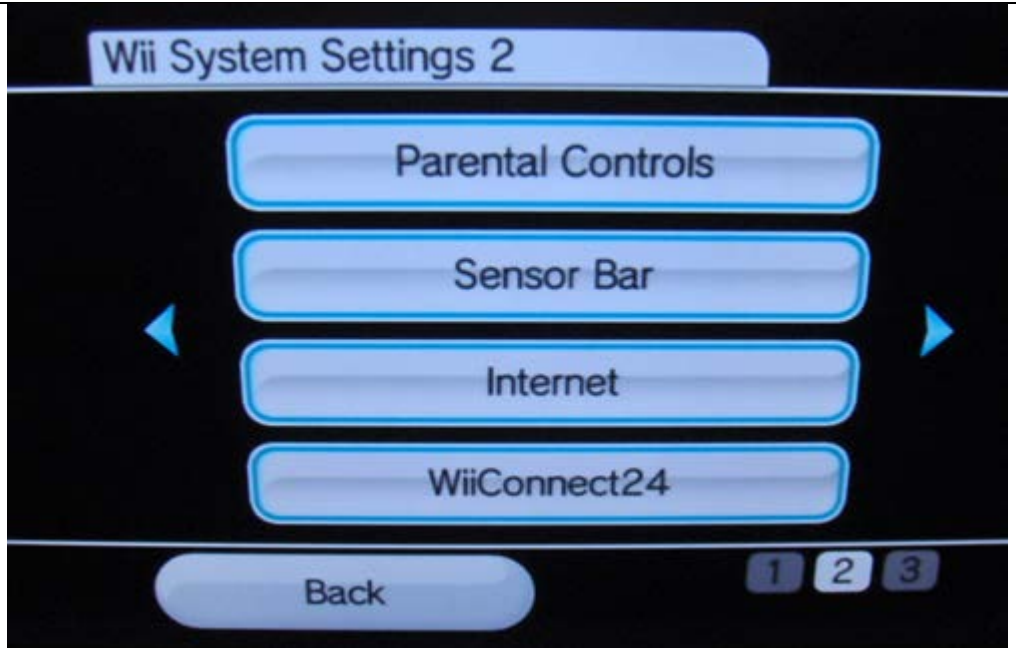

From the Wii Channel menu, select **Wii Options**. (The round "Wii" button in the bottom-left of the screen).

Select **Wii Settings**.

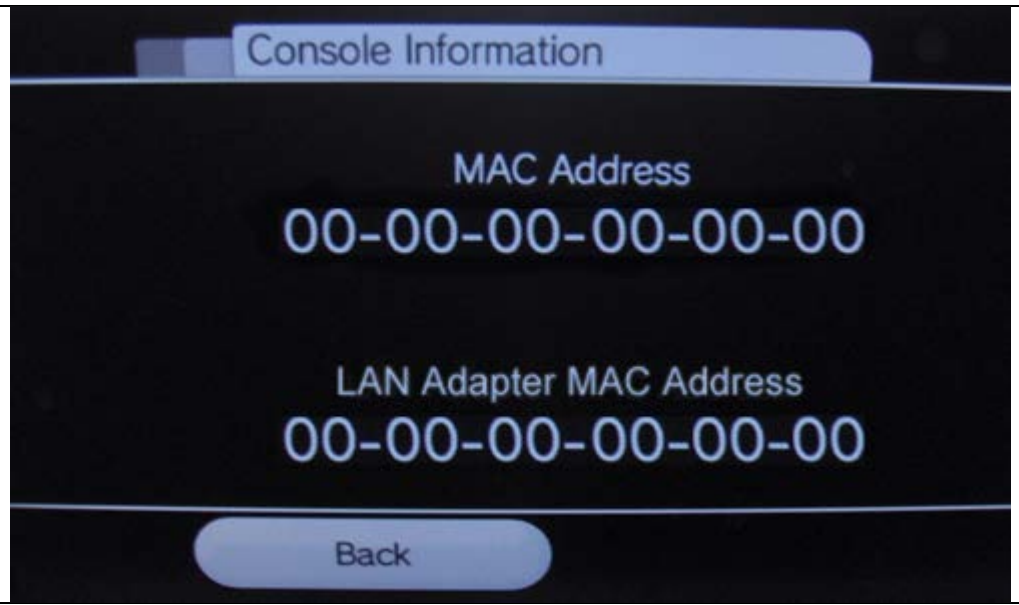

Scroll to the right to Wii System Settings 2 and select Internet

Select Console Information.

The wireless MAC address is labeled **MAC Address**; the wired MAC address is labeled **LAN Adapter MAC Address**..

- Once you have the **MAC** address, you may register your Wii.
