

## Microsoft Xbox 360 Registration and Configuration

This tutorial will help to connect your console to the residence hall network.

Go to the **System Settings** area of the My Xbox Channel

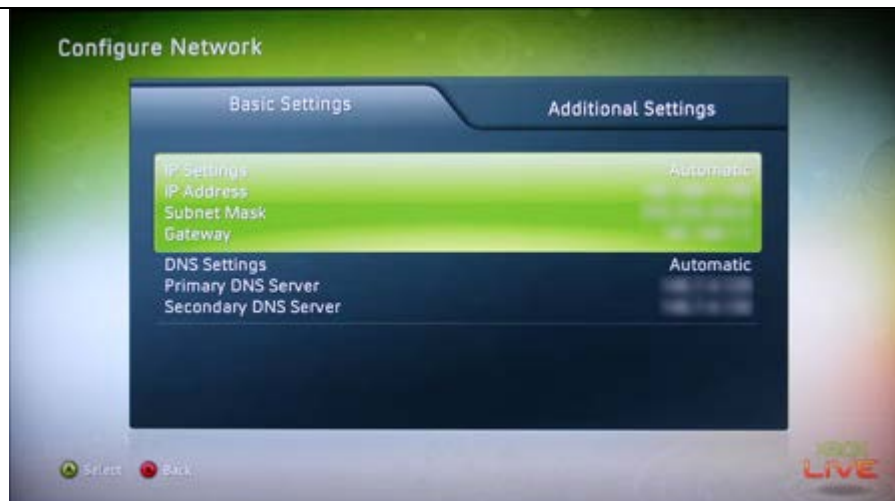

Select **Network Settings**.

Select the **Configure Network** option.

Under the **Basic Settings** ensure the IP Address and DNS Settings are set to **Automatic**

Select **Additional Settings** and then view **Advanced Settings**.

At the bottom of this screen you'll see a heading called **Wired MAC Address**.

- Once you have the MAC address, you may register your Xbox 360.
