

TENNESSEE STUDENT FINANCIAL AID PORTAL

Did you know that you can see all your Tennessee State awards through one website? The Tennessee Student Assistance Corporation (TSAC) has designed a new Financial Aid portal. This portal includes the ability to apply for state scholarships, email TSAC, view lottery FAQs, account management and the ability to view your state financial aid summary.

One other benefit of the Financial Aid portal is if you transfer to another eligible postsecondary institution, you can transfer your award to your new school in the fraction of the time. You may create a student account to transfer postsecondary institutions by following the steps below:

- ❖ Go to www.tn.gov/TSACstudentportal.
- ❖ Click on the Student and Parents box on the right-hand side of the page
- ❖ Click on the Student Financial Aid Portal in the box on the left-hand side
- ❖ Click on the following: [Our login process has changed. If this is the first time you have logged in after January 1, 2010, click here to create an account](#)
- ❖ Enter all fields to register and create your new Financial Aid Portal
- ❖ Click on the "Click here to login" and it should take you back to the login screen below where you will now be able to login
- ❖ Login using your user name and password to see your newly created account
