Young Adults Needed For A Wearable Technology Study!

You may be able to participate if you:
- Are a man or woman between 18-40 years
- Have no lower limb injuries
- Have not had a lower limb or back surgery in the past 2 years
- Have no cardiovascular or metabolic disorders
- Are able to run for at least 10 minutes

The School of Health Studies is studying the validity of wearable accelerometers.

1 testing session of 45 min at the UM Fieldhouse.
