## FREE TRAINING!!

# Healthy Blocks: Healing Trauma, Restoring Community, A Framework for Trauma Informed Neighborhood Recovery

Presented by Dr. Troy Harden Chicago State University

Nationally recognized educator and trainer, Dr. Troy Harden, Chicago State University will explore trauma, race, and healing, and discuss his work with youth and adults. Join us to examine how to advance the block club model...Learn about how to *Reclaim, Revitalize, and Maintain your community!* 

The goal is to present a framework for meaningful collaboration among youth, block clubs, faith-based community institutions, and police to prevent and reduce violence through a trauma informed strategy.

Attendees will explore race, class, and current narratives surrounding traumainformed practice, particularly in urban contexts, and how practitioners can partner with communities to bring healing and social change.
