Template for Contacting Potential Internship Agencies Outside of the Memphis Area

Students should note that if the initial agency they contacted is not accepting interns, you can respond to their email stating that fact with an inquiry as to whether that person has any other leads on agencies in the area serving similar populations that may in fact be accepting interns.

Highlighted items will be tailored to the student and agency being contacted.

Hello,

My name is Sally Sample, and I am a 2nd year MSW student at the University of Memphis' School of Social Work.

I am seeking an internship with Example Counseling Agency for the Fall 2023-Spring 2024 academic year, and was wondering if you had internship spots available.

I'm interested in completing my internship with Example Counseling Agency because [this is your "elevator speech"—state why you chose to reach out. Does this agency work with a population that interests you? Does it align with your post-graduation career goals? Do you have personal experience with the population served? Give at least 3-5 sentences so the person reading your email will understand the context behind why you're reaching out to that particular agency.]

I am attaching my resume for your review. I am available and ready for interview at your convenience, and I look forward to hearing back.

Thank you for your time,

Sally Sample
