

Door of Hope
My first apartment
after incarceration
and being clean and
sober.

The thing that I am
most proud of is
that I have a
wonderful husband.

I would like to be a much more
confident and strong-willed person,
just to say to everybody in the
whole world; "I'm HIV positive, if
you like it or don't like it, f-you.
Deal with it."

Staying Healthy

Goal
This is a house that I
would like to move in
or something
somewhere better.
