# SUAPP GRANTS BULLETIN

Volume 2/June 2018

This volume of the SUAPP Grants Bulletin focuses on strategies for applying for research grants as well as information about funding options. I will continue to search for funding opportunities which will be shared in quarterly SUAPP grants bulletins. I am always available to discuss opportunities if you would like to schedule a meeting with me.
Rachel Arthur

## STRATEGIES FOR ATTAINING RESEARCH GRANTS

### SUAPP Researcher Meetings

I am continuing efforts initiated by Katherine and Charlie focused on building research collaborations among SUAPP faculty. Starting this summer, I am organizing research interest meetings in areas such as poverty, mental health, HIV, educational policy, criminal justice, youth development and city/regional planning. One goal is to increase capacity to produce competitive grant applications when appropriate opportunities become available.

### SUAPP Fall Grant Workshop Series

We are holding a SUAPP grants workshop series this fall. The meetings (location TBA) are scheduled between 1 and 2:30 p.m. on the last Friday of the month:

**August 31:** Grants 101- Searching for grants, building collaborations and developing research questions
**September 28:** Developing budgets
**October 26:** Navigating Cayuse
**November 30:** A deep dive into NIH grants

### Collaboration with the U of M Development Office

SUAPP has started a conversation with the U of M Development Office focused on funds/gifts associated with the College of Arts and Sciences (CAS). Carolyn Dickens (Director of Development for major gifts) and Tiffany Legington Graham (Director, Corporate & Foundation Relations) will be liaising with me regarding SUAPP priorities and research focuses that may spark interest among U of M sponsors and donors. Grant applications to foundations and corporations where the University also makes philanthropic requests will be vetted with Development in order to avoid any conflicts. The Pre-Award Coordinator will serve as the contact person.

### CAS Faculty External Stimulus Research Grants

The U of M awards External Stimulus grants up to $10,000 for (a) research that will produce pilot data for future, external proposals; and (b) faculty embarking on new research that will likely lead to outside funding (January deadlines)

## FEDERAL, FOUNDATION AND STATE GRANT OPPORTUNITES

### Federal and National-Level Foundation Grants

Table 1 lists federal opportunities with July-December 2018 or rolling closing dates. Table 2 lists national foundation grant opportunities with rolling deadlines. The rolling deadline opportunities enable SUAPP faculty to plan, establish collaborators and devote adequate time for building competitive proposals. Please right click on hyperlinks to view the opportunities of interest.

There are certain clusters of federal grants that are highly applicable to Department of Criminal Justice and the Public Safety Institute. The U. S. Department of Justice, Office of Justice Programs, lists multiple, year-round federal funding opportunities associated with the following agencies: 1) Department of Justice; 2) Bureau of Justice Assistance; 3) Bureau of Justice

Statistics; 4) National Institute of Justice; 5) Office of Juvenile Justice and Delinquency Prevention; 6) Office for Victims of Crime; and 7) Office of Sex Offender Sentencing, Monitoring, Apprehending, Registering, and Tracking. Click on this link for a full list of opportunities: https://ojp.gov/funding/Explore/CurrentFundingOpportunities.htm

## State Grants

State funding opportunities can be found by searching on systems such as www.grants.gov or through state websites. Search engines are not highly efficient in identifying opportunities as they often do not tag grants in a way that enables TN-specific awards to be distinguished from other state awards. Although the Sate of TN indicates it does not post funding opportunities on a central site, I found a link to a range of TN opportunities, a few of which may be higher-education eligible and SUAPP appropriate (https://www.tn.gov/ruraltaskforce/search-for-grants---resources.html). Specific TN State websites have links to grant opportunities, such as the TN Department of Health (https://www.tn.gov/health/funding-opportunities.html) and TN Office of Justice Programs: (https://www.tn.gov/finance/office-of-criminal-justice-programs/ocjp/fa-ocjp-grants/fa-ocjp-grantapp.html).
