Are you ready to explore campus?! Round up your friends (socially distant*, of course) and prepare to participate in CitySolve U! Teams are encouraged.

You will need a computer for this virtual event.

You must solve all the clues to qualify for any prizes.

**Virtual CitySolve U - Rules + Instructions**

In CitySolve U’s virtual game you’ll solve incredibly fun clues and puzzles all while discovering campus all while in the comfort and safety of your humble abode.

To solve the virtual portion of CitySolve U participants will need to use a computer. Your smartphone will not be able to use Street View or Photo Sphere properly (see below).

There aren’t any rules with a virtual event. You will solve a clue. Once you solve the clue you will need to use Google Maps to solve the Q2. There is a Q2 for each clue. There are two (2) ways for find your answer for Q2:

- Street View (identified as SV on your clue sheet): SV are those blue lines that appear on the map.
- Photo Sphere (identified as PS on your clue sheet): PS are those blue circles that appear on the map.

How do I get the SV or PS? You will need your computer.

- First, go to [Google Maps](https://www.google.com/maps).
- Second, in the bottom righthand corner located the yellow figure.
- Third, “grab” the yellow figure and drop the figure to view SV or PS.

Don’t forget to search for your Q2 answer. Finding the Q2 answer is the only way to confirm that the clue has been solved.

**How Do I Submit My Answers?**

Submit your answers to: [TigerZone](https://tigerzone.com)

On TigerZone you will have the option of uploading your answer sheet as a picture or PDF or typing in the answers to Q2 for the 10 questions.

*This event is to be played virtually, but you may play with your roommates or play with your friends via Zoom (or preferred video conferencing platform).*
Don’t forget to do Q2. Use Google Street View for Q2.

Sounds delish...Find all of the words in the word list below in the wordsearch puzzle provided. Cross out every letter of each of the words as you find them. Words may appear horizontally, vertically, or backwards. The 16 leftover letters, when read from left to right or top to bottom, will reveal the name of this checkpoint. Note: It’s the one closest to U of M’s campus.

Q2: What are the 4 words on the sign under the name of the checkpoint?

Don’t forget to do Q2. Use Google Street View for Q2.

Make sense? For each hint below, use the logic grid to identify the answer by pairing one word in the horizontal row with one word in the vertical column. Each word can be used only once. The remaining unused words from the horizontal row and vertical column will form the name of your next on-campus checkpoint.

HINTS:
1. Hotel, motel...
2. Penny Hardaway
3. Find cello, ukulele + harmonica here

Q2: How many tiger foot prints are next to the name of this checkpoint? NOTE: The foot prints are on the back of the building.

Don’t forget to do Q2. Use Google Street View for Q2.

You’ve been eliminated! To find your next checkpoint, eliminate the letter combinations of the initials for answers to each of the following clues. The remaining letter combinations will spell your checkpoint’s name.

FE LB DE XI NS NC TI JM TU DR TE EP OF JT TE CH
1. This state borders Tennessee to the east
2. Stadium where the Memphis Tigers play football
3. Memphis Grizzlies rookie point guard
