Purpose
This training material highlights how to virtually sign documents using DocuSign.

Audience
University of Memphis faculty, staff, or students who need to use DocuSign.
Sign into DocuSign

To sign into DocuSign, go to myMemphis and use your University of Memphis Universal User Identification (UUID) and password. The UUID and password required to enter the myMemphis Portal are the same as those used to login to your University e-mail and other University computer resources.

Note: The myMemphis Portal has a time-out of one hour. After one hour of inactivity, the myMemphis Portal will log you out. This is a security feature.

1. Go to: my.memphis.edu and enter your UUID and password.Authenticate using DUO. Note: Your Username will be the first part of your UofM email address and your Password will be the same as the log in for myMemphis.

2. Click Login. The myMemphis Portal Home page will display.
   Note: The myMemphis Portal UUID and password are case sensitive. If you have trouble or visit the self-service portal.

3. Click on the Employee tab.
4. Click on Access DocuSign, you will be taken to the home page.

Electronic Forms

- **Electronic Signatures** - Allow a single user or multiple users to sign a form electronically.
- **Single Sign On** - Users who have requested access to DocuSign should be able to access DocuSign using Single Sign On; other users will be sent to the DocuSign’s website directly.
- **Data/Image Exchange** - Downloading form images from DocuSign to our document retention system is possible if the form is essential for document retention purposes. Dynamic Forms keeps documents seven years before purging.
- **User Portal** - Allows users to visit and view pending forms or see a history of previously signed forms.
- **Vendor Contact for Support** - support@docusign.com

5. Log into your account. This will be your UofM email address and the password associated with it. Click Continue.

6. You are now in DocuSign.

Creating Multiple Signatures

1. To create multiple signatures, click **Edit** beside My DocuSign ID.

2. At the bottom of the page, click **+ Add New**.

3. Repeat steps from Methods 1, 2, or 3.
Signing a DocuSign Document

1. You will receive a message in your email which will include a link to review and sign.

2. Click review document.

3. Depending on which browser you use, you may be asked permission to allow your location. Click Allow.

4. A message at the top of the screen will tell you who the requester is and what they are asking for. Click Continue.

5. Scroll through and review document.
6. If you go to Other Actions you can review information about the document.

7. Where you see the Sign flag, a signature will be required to complete the signing process. Click on the Sign flag and select the signature you would like to use. This should contain your full name and/or initials. This will place the graphic on the signature line—make sure they are correct.

8. Once you have double checked the form that there are no other required fields, click Finish.

9. This will place a copy of the signed document in the DocuSign account belonging to the requester.
10. At the top right of menu, you will have an option to download or print the document.

Note: You must select one **before continuing** on if you want a print out or a PDF of the signed document.

To Print, select **Print** from **Printer Icon** to reveal the drop-down menu.

To download a PDF, select **Download Icon** from the drop-down menu to download PDF in combined, or Separate PDFs.
11. When you have finished downloading or printing, click Continue.
