Installing Cisco AnyConnect

1. On your iPad, navigate to the App Store or the Google Play Store.

2. Search for the Cisco AnyConnect app.

3. Next to the listing for Cisco AnyConnect, click Get on an ipad, Install on a tablet. From the Apple Store you will need to provide your AppleID credentials in order to proceed with installation.

4. Once the app has installed, open the app.

Adding VPN Connection

1. You will receive a dialog box that reads Cisco AnyConnect Secure Mobility Client extends the Virtual Private Network (VPN) capability of your device. Do you want to enable this software? Click OK.

2. In the next dialog box, click Add VPN Connection.
3. In the Add VPN Connection box, enter the following:
   A) Description: Name the connection anything meaningful. For example, Memphis.
   B) Server Address is vpn.memphis.edu or vpn2.memphis.edu (all lowercase, no spaces, Leave all other fields at their default setting)
   C) Click Save in the upper right corner.

4. Once the connection is setup, you should turn on the AnyConnect VPN by sliding toggle to the right. The switch will change to a green color when activated.
5. In the box, enter your UUID and Password; click **Connect** in the upper right corner.

6. You will receive a dialog box with the University’s Acceptance Use Policy. You must click **Accept** to continue.

7. You are successfully connected to the VPN when the VPN icon is located in the upper left corner of the screen.

**Closing the VPN connection:**
You will need to go back to the Cisco. AnyConnect app in the top left corner and slide the button to the left to select **OFF**. For additional assistance, contact the umTech Service Desk at 901.678.8888.
Locating Help Resources

Upon completing the training covered in this course, faculty, staff, and students are able to receive additional training help and resources. Such help can be located as follows:

Service Desk Request

Submitting a Ticket

Login URL:

- Here is a link to our service desk ticketing system
- After logging in, choose the link Request Help or Services.
- Choose Request Help or Services.

Call the ITS Service Desk (901.678.8888) any day of the week!
(Excluding Some Holidays)

- The ITS Service Desk is available from 8:00 a.m. - 11:59 p.m., seven days a week (excluding some holidays). You can contact the Service Desk for assistance with technical login problems or issues. Incoming calls after hours will be handled by voicemail services. If you require assistance after 12:00 a.m., please leave a message or submit a service request.
- Messages will be checked regularly and receive priority response the following business day. You may also email The Center for Teaching and Learning, umtech@memphis.edu (using this email will automatically generate a help desk ticket).
