Purpose

This training material highlights how to install and use Papercut Mobility Printing on Windows devices.

Audience

This training material is designed for university faculty, staff, and students.

Device Requirements

Mobility Print supports Microsoft Windows 7+.

Connecting to the UofM Wi-Fi Network

For instructions on how to connect to the **um** Wi-Fi network, [please see our umWireless documentation](#).

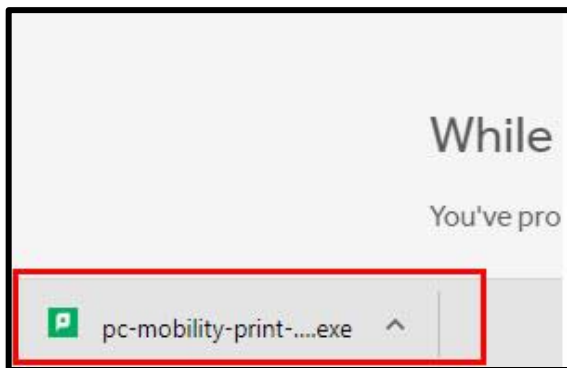

Note: It is recommended to connect to um, as these features are not available on um-guest.

Installing Mobility Print Printer Setup

1. If this is your first time using Mobility Print, you will need to install an application to add the network printers. Download and run [Mobility Print Printer Setup](#) (pc-mobility-print-printer-setup.exe).

2. Once downloaded, double click to run the mobility print printer setup program.

3. Click **Run**.

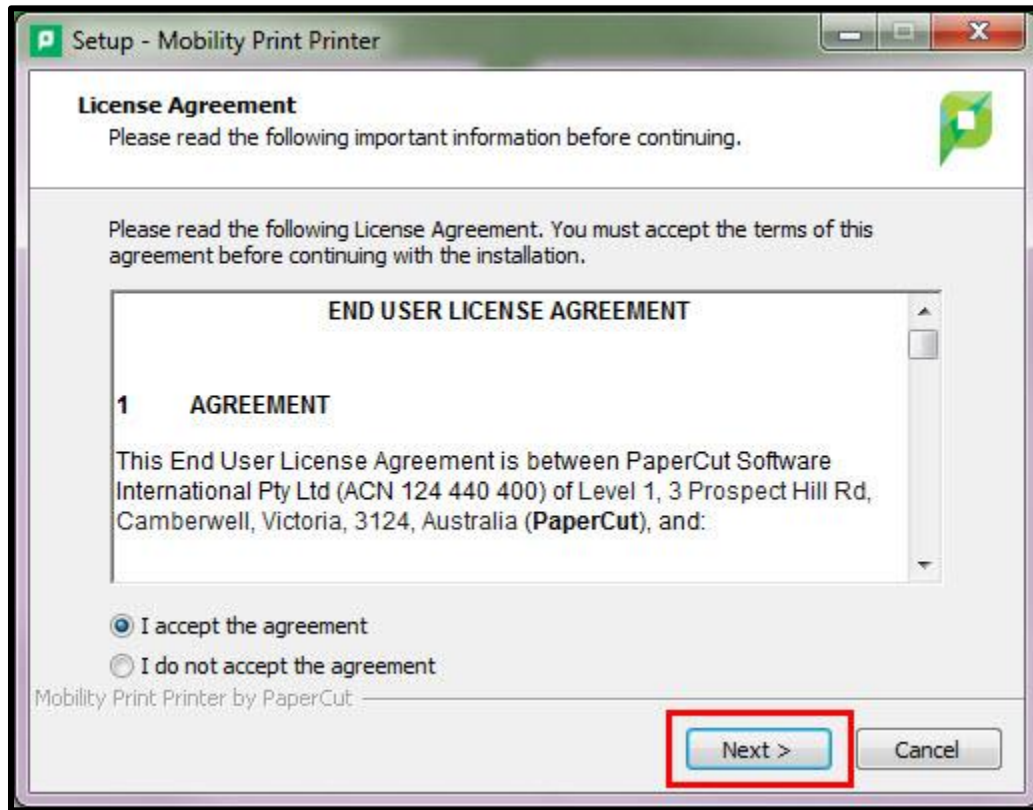

Note: You may be prompted to allow Mobility Print to make changes to your computer. If so, click Yes. Depending on your personal settings, you may need to enter a username and password.

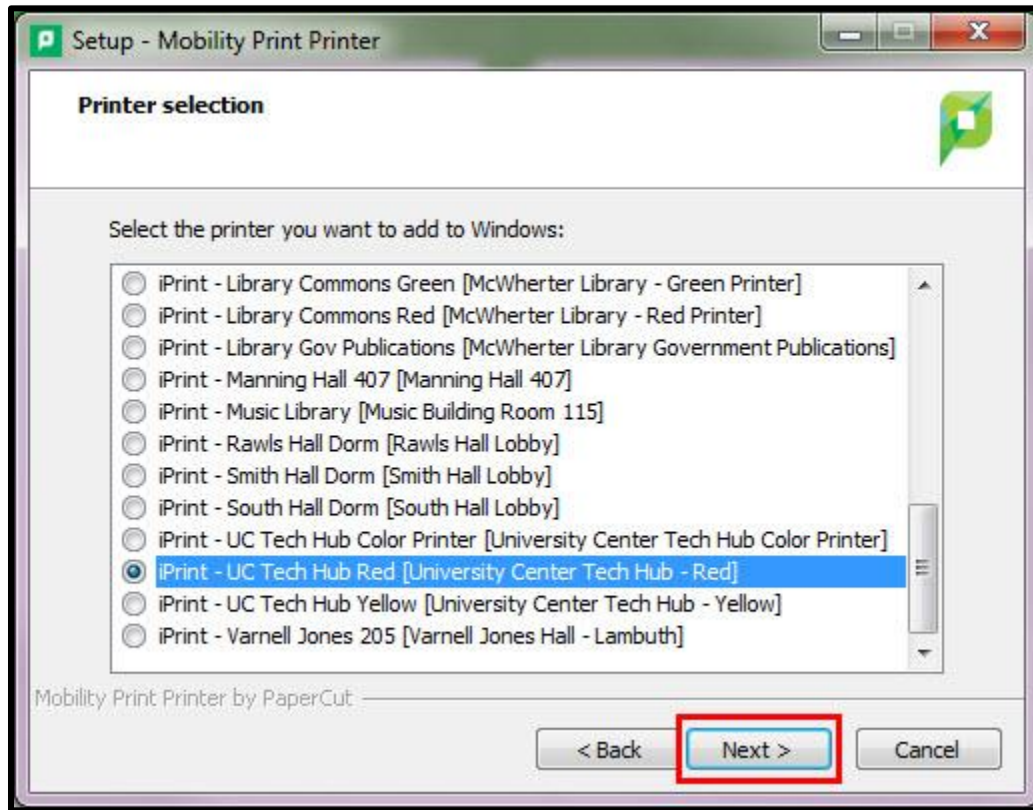

4. Select the language you would like to use during installation.

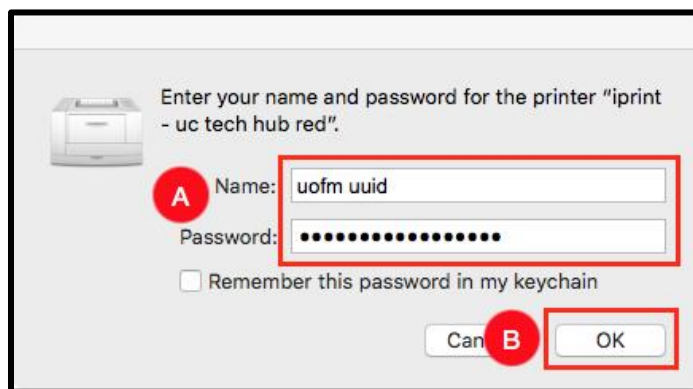

5. Select **I accept the agreement**; then click **Next**.

6. Select a printer, then click **Next**.

7. Authenticate using your UofM credentials and click **OK**.

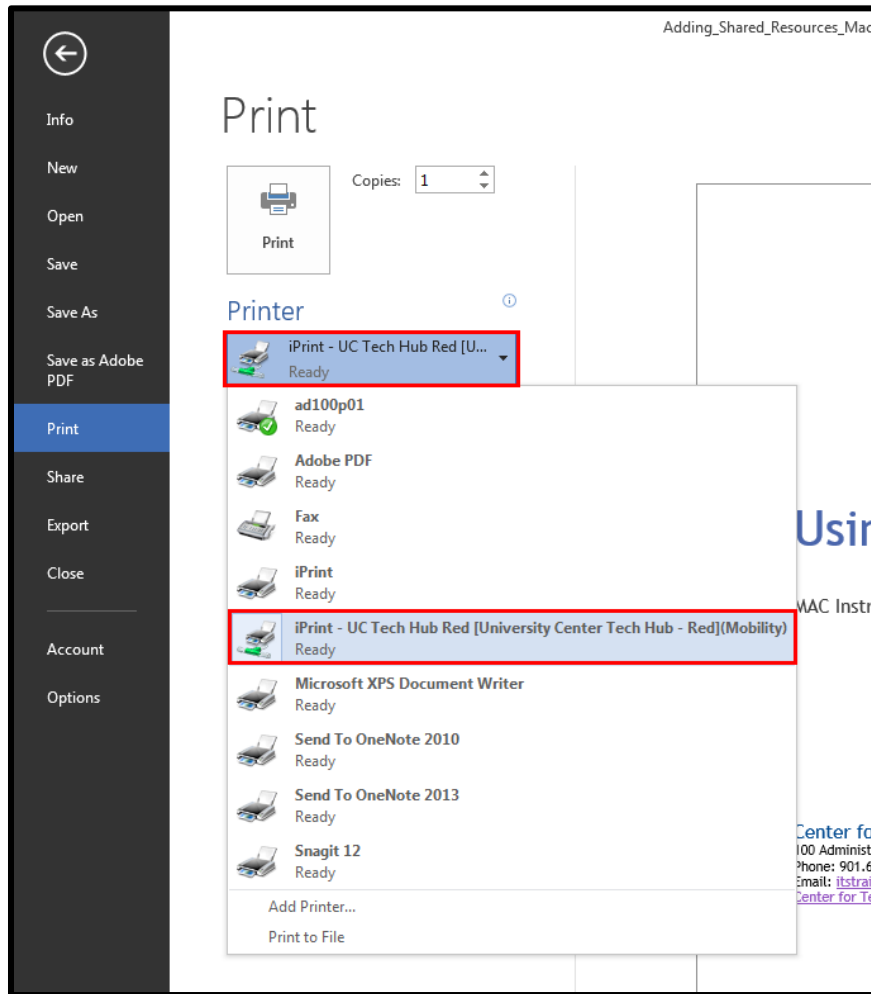

8. Click **Finish**.

Note: If you want to use more than one printer on campus, repeat these steps for each printer.

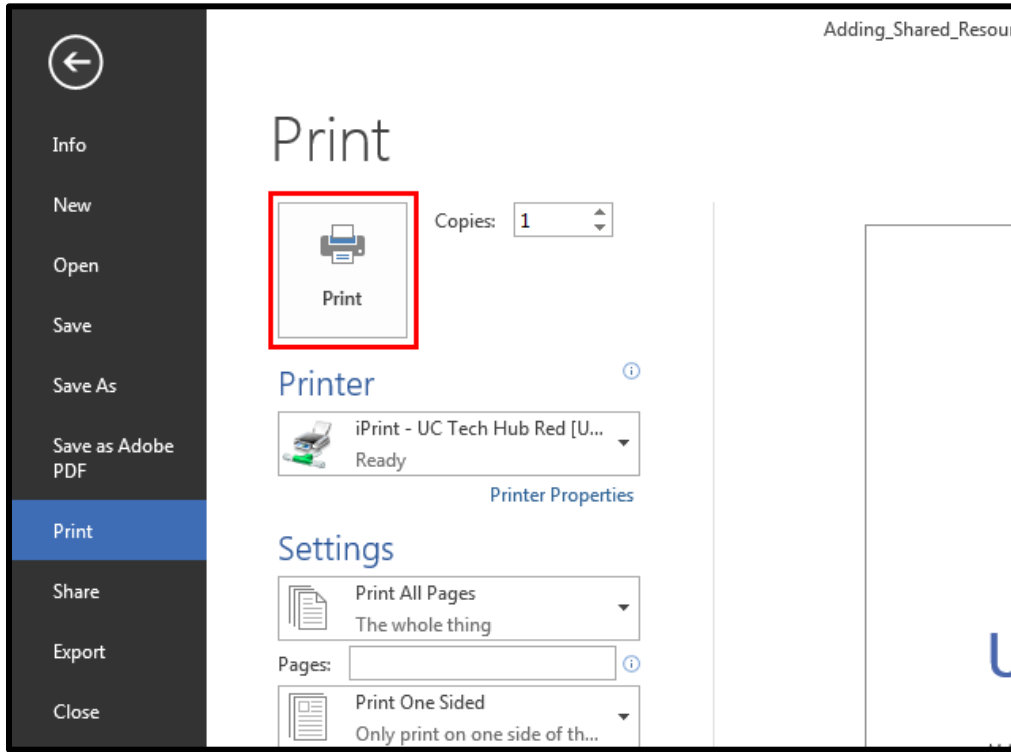

9. To print, open the content you want to print.
- A. For a website, right-click and select **Print**.
 - B. For a document, click **File** then **Print**.

10. Select a printer.

11. Select your desired print settings.

12. Finally, click **Print**.

13. Pick up your print from the specified printer.
