Audience
University of Memphis faculty, staff, or students that will be connecting to the on campus um wireless network.
um Wireless

Connecting on a Mac

1. Select um wireless from the wireless network menu in the top-right corner of the screen.

2. Check the Remember this network box and sign in with your Username UUID (first part of your email address) and password. Click Join.

Note: This is NOT the administrative password for your computer. Your Username will be the first part of your UofM email address and Password associated with it. Uuid does not include preferred email address.
3. Click **Continue**.

4. Sign in with your computer’s administrative password and click **Update Settings**.

5. You are now connected to the um wireless network.
Trouble connecting?

If you have recently changed your password and are having trouble connecting, you may need to forget the network and re-associate your device with the campus network.

1. From the wireless network menu, select Open Network Preferences at the bottom of the dropdown menu.
2. Click Advanced near the bottom right corner.
3. Select the network you want to forget and click the minus symbol under the Preferred Networks section.
4. A window will pop up confirming that you want to forget the network, click Remove.
5. Click OK in the bottom right corner of the window.
6. Click Apply in the bottom right corner of the Network Preferences window.
7. You have removed the network. To re-associate, follow the steps above in Connecting on a Mac.
Connecting on an iPad or iPhone

1. Go to your system **Settings**.

2. Select **Wi-Fi**, then choose **um** from the list of network choices.
3. Enter your **Username** (UofM uuid) and **Password**. Your **Username** (uuid) will be the first part of your UofM email address and your **Password** is the same as your password for UofM email and myMemphis. In this example, Tom Tiger’s user name is used (ttiger). Uuid does not include preferred email address.

*Note: This is NOT the administrative password for your mobile device.*

4. A window will pop up asking you to trust the certificate. Click **Trust**.

5. You are now connected to the um wireless network.
1. From the (A) **Network settings**, (B) select **um** from the list of available wireless networks.

2. Click **Connect**.

3. You will be prompted to (A) enter your username (first part of your email address) and password. In this example, Tom Tiger’s user name is used (ttiger).

*Note: This is NOT the administrative password for your computer. Your **Username** will be the first part of your UofM email address and **Password** associated with it. Uuid does not include preferred email address.*

4. (B) Click OK.

5. Next, you will receive a Windows Security Alert - **Continue connecting?** Click Connect.

6. You are now connected to the um wireless network.
Trouble connecting?
