Purpose

This training material highlights the email system within eCourseware, and how to manage, create, and use.

Audience

This training material is designed for University faculty and staff that will be using email within eCourseware.

Using Email Basics

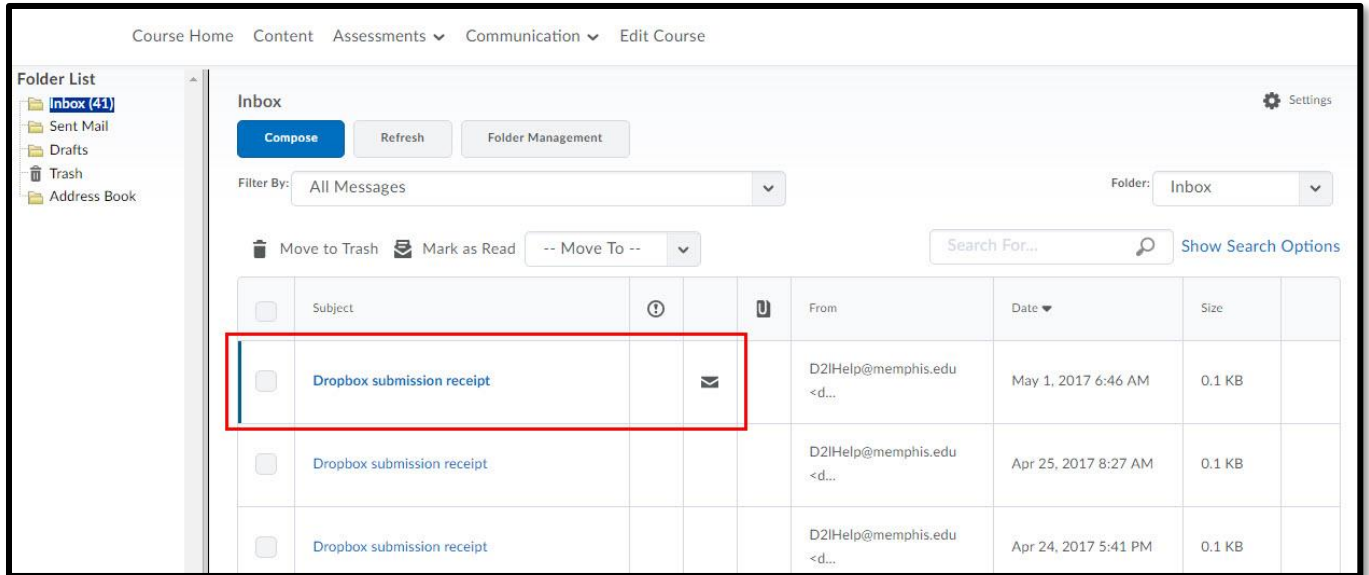

Accessing Email

1. On your course navbar, click the email icon then select **Email**.

Reading an Email Message

Unread messages appear in bold. To read a message, click the subject link of the message. The message opens in either a preview pane or new window, depending on your settings.

The screenshot shows an email inbox interface. At the top, there are navigation links: Course Home, Content, Assessments, Communication, and Edit Course. On the left is a 'Folder List' with 'Inbox (41)' selected. The main area is titled 'Inbox' and contains buttons for 'Compose', 'Refresh', and 'Folder Management'. Below these are filters and search options. The email list has columns for checkboxes, Subject, status icons, From, Date, and Size. The first message, 'Dropbox submission receipt', is bolded and highlighted with a red box. The other two messages are not bolded.

Composing Email Messages

Compose an email

NOTE: eCourseware does not accept email from external accounts (i.e. accounts ending in @gmail.com, @memphis.edu). You MUST reply to the email within the eCourseware system for it to be delivered properly.

1. From the inbox, click **Compose**.

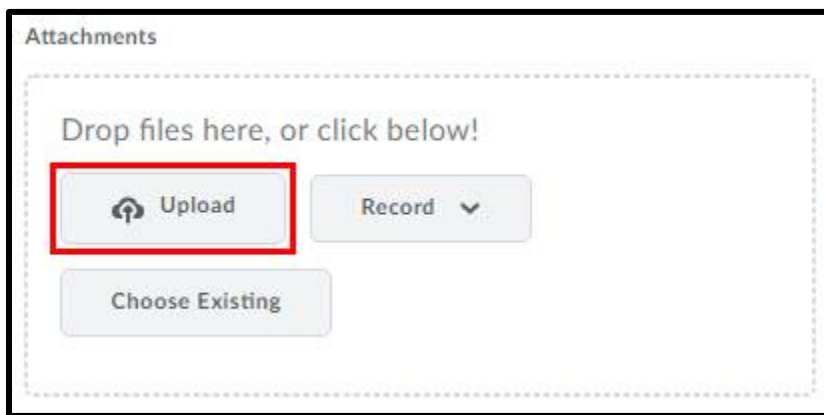

2. Enter the recipient's email address in the **To** field.
- Click **Address Book** in the upper right corner to locate an address from your Address Book.
 - The Address Book enables users the ability to organize contact information.
3. Enter a brief description of your email in the **Subject** line.
4. Enter your message in the **Body**.
5. Click the **Spell Checker** icon to check for misspellings.

6. Click **Send**.

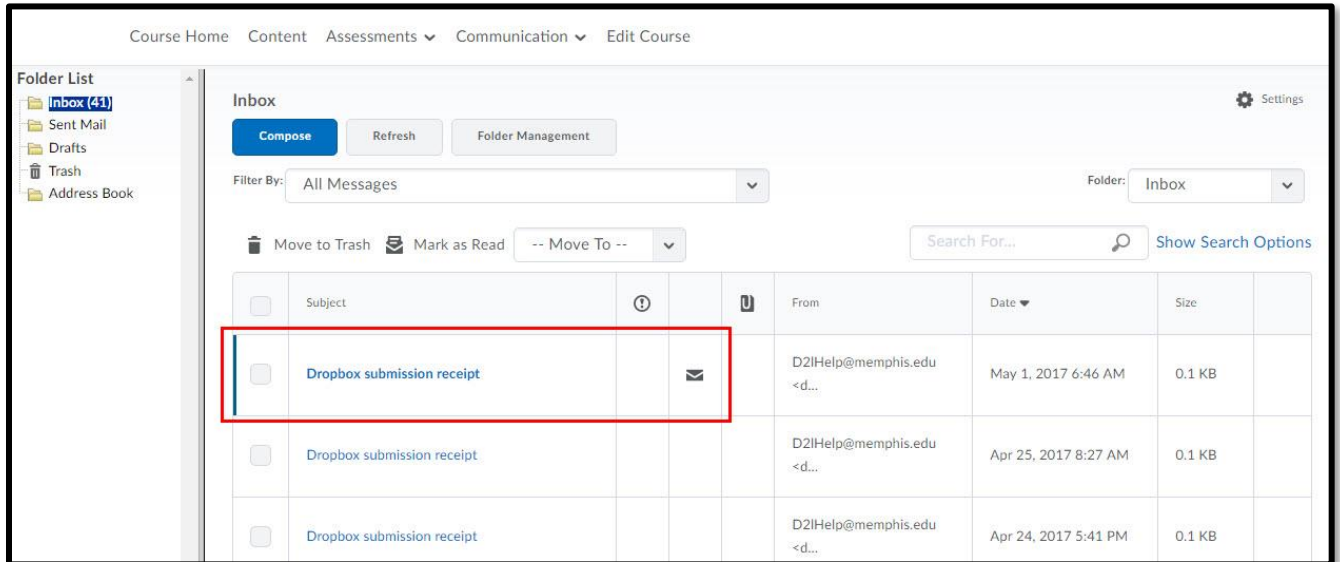

Add an Attachment to Your Email

1. From the Compose New Message page, create a new email as usual.
2. In the Attachments area, click Upload and select the file you want to attach. If you are using a supported browser, you can also drag and drop attachments from your desktop.

Replying To and Forwarding Email Messages

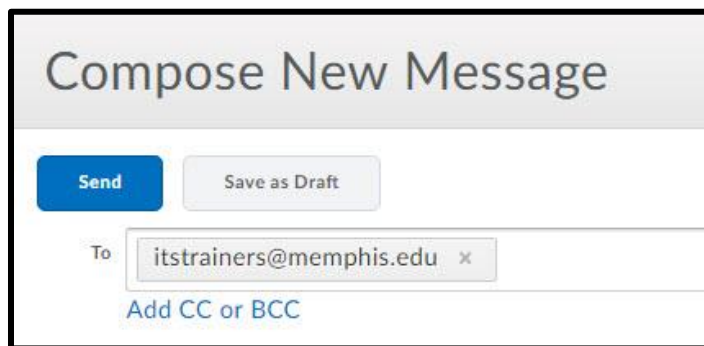

1. From the inbox, click on the message you want to reply to or forward.

2. Click **Reply**, **Reply All**, or **Forward**.

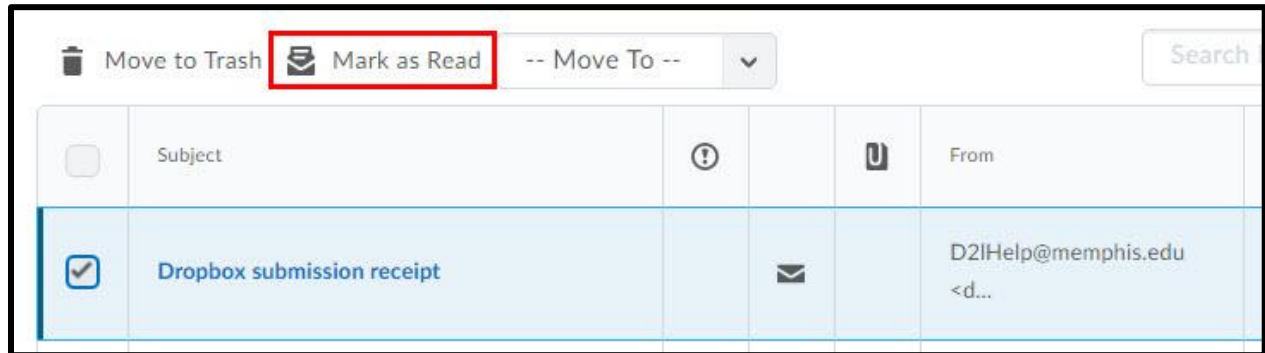

3. Enter the recipient names in the **To** field. To expand the **Cc** and **Bcc** fields, click **Add CC** or **BCC**. For reply and reply all, the recipients automatically populate, but you can add additional recipients if desired.

4. Add any additional content, including attachments, to the message.
5. Click **Send**.

Marking an Email Message as Read or Unread

1. Select the check box next to the message or messages you want to mark as read.
2. Click **Mark as Read** at the top of the message list.

Mark an Email Message as Unread

Open the message and click **Mark Unread** from the **More Actions** button in the Message Preview page.

Searching for an Email Message

Use the **Search For** field to search and find messages in the inbox. Type the word you are searching for in the **Search For** field and click **Search**.

Click the **Show Search Options** link to search specifically in the From, Subject, or Body fields of messages in the inbox.

Filtering Email Messages

To filter the messages in the inbox, select your filtering category in the **Filter By** drop-down list.

Sorting Email Messages

To sort the messages in the inbox, click the icon or title representing the type of sort you want to perform.

You can sort the messages by their priority, whether they contain attachments, as well as by their From, Subject, Date, and Size attributes.

Deleting Email Messages

1. Select the check box next to the message or messages you want to delete.
2. Click Move to Trash.

Locating Help Resources

The Center for Teaching and Learning offers support to faculty, staff, and students. Upon completing the training covered in this course; faculty, staff and students are able to receive additional training help and resources. Such help can be located as follows:
