General Information

Purpose
The Center for Teaching and Learning welcomes you to our orientation for eCourseware. This guide will instruct in how to use eCourseware.

Audience
Faculty and staff using eCourseware.
Logging In

My Home

When you login to eCourseware you will be taken to your My Home page log into our eCourseware website from any page on the UofM website. The link is located to the left bottom side of page. Using the Single Sign On (SSO), sign on and enter your UofM credentials, then authenticate with DUO.

Each user can have a customized Homepage based on individual settings and class assignments.

Course Home is the first page you see when you navigate to a course. Similar to My Home, it also contains widgets, tool links on the navigation bar, and resources that enable you to access your personal information, account settings, and course specific content.

Minibar

The minibar is located at the top of your screen. The minibar is your main navigation tool to courses and personal settings in eCourseware.

The minibar is comprised of three major sections: the Course Selection dropdown menu, the Alerts panel, and your account dropdown menu. The minibar is also not course specific.
My Courses

The My Courses Widget is where you will be able to enter your courses in D2L. This widget obtains its information from Banner and any courses assigned to you using this system will appear here. Courses are listed by Semesters.

If you are enrolled in courses by different roles, such as Faculty and Student, your courses may be listed under separate tabs at the top of the widget. Just select the course by clicking its name to enter it.
