*Students are required to be advised each semester by their Academic Advisor (phone or virtual).
*All courses in Health Services Coordinated Study require students to earn a minimum Grade of C- (or better).
*Many Upper Division (3000-4999 level) courses have prerequisites that must be met prior to being permitted to register for those courses. You are responsible for knowing and satisfying all course prerequisites. For specific information about courses and the prerequisites they may have, please view course descriptions: [http://catalog.memphis.edu/index.php](http://catalog.memphis.edu/index.php)
*Permits are required for many courses on Campus (such as Upper Division courses in Fogelman College of Business & Economics, all SWRK courses, and Senior Project). See website for more information: [http://www.memphis.edu/registrar/register/permits.php](http://www.memphis.edu/registrar/register/permits.php)
*Senior Project* is a student’s culminating experience or capstone designed to synthesize and integrate the content of a student’s program of study. Students will complete a senior thesis on a topic of their choice with the approval of their senior project instructor. The Senior Project is completed during a student’s final semester. All Senior Project courses are taught online. Students will be assigned to a specific section based on the topic they select. Although some courses may be listed in multiple groups, they can only be used to fulfill ONE degree requirement.
**Upper Division credit requirement** (42 credits); Upper Division courses are those at the 3000-4999 level.
**Upper Division credits (42 total) must be earned elsewhere in degree program if using MATH 1530 for research; this Upper Division requirement also applies to any Lower Division choice being used in any degree requirement instead of an Upper Division. Students are required to meet with the Academic Advisor each semester to ensure Upper Division credits are being met.
