Credit/Debit Card Nonrefundable Processing Fee FAQs

Q. Why is the University charging a nonrefundable processing fee for making a payment using my credit/debit card?

A. The credit/debit card payment nonrefundable processing fee is being assessed by our third party payment processor, TouchNet. The University of Memphis is committed to providing students a range of options for paying their educational expenses. The costs associated with processing credit/debit cards continue to grow each year, and the University still wants to continue to offer the option to pay by credit/debit card. The University of Memphis does not receive any part of the nonrefundable processing fee.

Q. Is there a nonrefundable processing fee for using a credit or debit card for student account payments?

A. Card users are assessed a separate, non-refundable processing fee of 2.85% of the payment amount ($3 minimum fee)—at the time of each credit or debit card payment for student account charges.
