Assessment and Grading

TESTING PROCEDURES

Students will complete much of this course online, including lesson tests. No proctor will be needed for online lesson tests. However, remember that lesson tests will be timed, so you will only have up to 45 minutes to complete each lesson test, and once you open the lesson test you need to finish it, since you can only open it once.

Your instructor will grade and provide feedback for each lesson test up to a week after each chapter due date. Check, print, and complete daily the items inside the Weekly Schedule and Assignments. Do not miss any due dates since this will significantly lower your grade.

GRADING PROCEDURE

Below, you have a breakdown of the course grades and a detailed explanation of all course components.

GRADE COMPONENTS

- Orientation assignments: 3%
 - Introduction to the Class: 0.33%

- Orientation Quiz: 0.33%
- Basic Conversation Questions: 0.33%
- Knowledge Checks and Review Quiz: 2%
- Vistas Supersite Plus (5): 25%
- Journal Topics (6): 10%
- LinguaMeeting Chat Sessions (6): 18%
- LinguaMeeting Follow-ups (6): 6%
- Lesson Tests (5): 30%
- Writing Assessments (2): 5%
- Participation (3): 3%
- End-of-semester Survey (Bonus): +1%

ORIENTATION ASSIGNMENTS (3%):

There are four short assignments within this category:

- Introduce Yourself to the Class: The objective of the Introduce Yourself to the Class (video recorded assignment) is to make sure everyone in class gets to know his/her classmates. You will find instructions for this assignment within the Orientation module. You will need to go to eCourseware/Communication/Discussion/Introduction Video to complete this item.
- Orientation Quiz: The objective of the Orientation Quiz is to make sure that you have read the material in the Orientation module. Understanding the class policies and procedures is essential to succeed in this course. That is why you need to understand the Orientation section before you start working on your course. You can find the Orientation Quiz inside eCourseware/Assessment/Quizzes.
- Basic Conversation Questions: The objective of the Basic Conversation Questions is to provide a review of the most commonly asked questions during the LinguaMeeting Chat Sessions. You will need to be able to answer any of these questions during any of the Chat Sessions for this course. You can find the Basic Conversation Questions inside eCourseware/Assessments/Dropbox.
- SPAN1010 Knowledge Checks and Review Quiz: The objective of the SPAN1010 Knowledge Checks and Review Quiz is to discover as early as possible if there are any areas from SPAN 1010 that you need to strengthen. Remember that Spanish is a cumulative subject so having a solid foundation is extremely important. You can find the Review Quiz inside eCourseware/Assessments/Quizzes.

VISTAS SUPERSITE PLUS (25%)

Purchasing the Supersite Plus code is necessary for completing work since all Vistas assignments must be completed on the Vistas Supersite platform. Supersite assignments will be assigned at the beginning of the semester for the entirety of the semester. Completing the work is extremely

important as it gives you individual practice and reinforces the material you have studied. Given that there will be minimal face-to-face instruction, watching these tutorials and reading the book thoroughly is essential for you to succeed in the course.

Note: Some of the Supersite activities have several attempts for you to complete the work, while the True or False questions only offer you one attempt. Make sure you are aware of the different types of assignments before starting the Supersite work.

JOURNALS (10%):

There are 6 journals: (1) Ir de Compras, (2) La Rutina Diaria, (3) La Comida, (4) Las Celebraciones, (5) La Medicina, and (6) De Niño/a. The objective of the journal topics is for you to get familiar with utilizing the material covered for each chapter topic during this semester. Each journal topic is divided in four parts: Research, Reflect, React and Respond. Each journal topic has specific instructions. Make sure you read and complete all the items requested for each journal topic. You must post your journal first and then provide feedback to two other postings. Journals and responses are posted on the Discussion Boards in eCourseware. It is very important to review and comment about other posts. Online learning depends upon collaboration and sharing information.

Note: Important information for writing assessments:

Please refrain from using online translators for entire sentences or paragraphs. You can use a good online dictionary such as [Word Reference](#) to find words that you do not know. The written assessments need to utilize examples of the material covered during the semester (grammar, vocabulary, topic,...). A composition that shows very advanced structures that we have not seen in the course will receive a **zero** since this will reflect one of the following options (a) the student has used an online translator, (b) the student has plagiarized the composition, or (c) the student has not written his/her own composition.

Turnitin (Internet-based plagiarism-prevention) is a Plagiarism Detection program, that will be used in this course, to check your writing practices and writing tests. Read the statement below:

"Your written work may be submitted to Turnitin.com or a similar electronic detection method for rating originality of your ideas and evaluating the proper use of assignment sources. As part of this process, you may be required to submit an electronic as well as hard copies of your work. By taking this course, you agree that all assignments may undergo this review process. The assignment may be included as a source document in Turnitin.com's restricted-access database. It is solely for the purpose of detecting plagiarism in such documents. Assignments not submitted according to the instructor's procedures may be penalized or may not be accepted at all." (Office of Legal Counsel, October 11, 2018)

LINGUAMEETING CHAT SESSIONS AND FOLLOW-UPS (24%)

You will have six (6) online sessions with a native Spanish-speaking coach. During these sessions you will practice the material you have learned in each chapter, which will allow

you to foster your speaking abilities. These coaches are trained to talk to introductory level students and they are there to help you. So, don't be scared and enjoy the experience! The sessions last 30 minutes each and will be completed in small groups. The LinguaMeeting platform allows you to sign up for your sessions; there are many time slots so this will fit your busy schedule. Remember that LinguaMeeting is NOT a tutoring service; it is a program to help you develop oral proficiency so that you can really say you are able to SPEAK Spanish even if you took an online course. Remember the dates that you chose for your sessions.

The LinguaMeeting sessions are composed of two parts: 1. LinguaMeeting Chat Sessions (18%); and 2. LinguaMeeting Session Follow-ups (6%). These assignments will open and close at specific dates for each LinguaMeeting chat session. A make-up session will have the same overall due date as the session being made up. After the due date, the chat topics will change, so it is best to complete the make-up before the due date. If you schedule the make-up after the due date for the session, you need to prepare to discuss topics from the missed session AND from the current session.

Check the course content for further information about the cost, instructions, and guidelines to complete the LinguaMeeting sessions.

LESSON TESTS (40%)

Lesson tests are an essential part of the class. There will be 5 lesson tests, one at the end of each Chapter 6-10. Each lesson test includes grammar, vocabulary, reading and listening activities. You will have **ONE ATTEMPT** to complete each lesson test. Bear in mind that once you open the lesson test, you need to finish it. So, make sure you have at least 45 minutes to complete each lesson test.

No make-ups or extensions are allowed on any lesson tests. If an emergency prevents you from taking a lesson test, you **must** have valid **written documentation** to justify your absence including your name and other pertinent information. Examples include: a doctor's note, a court citation, a published funeral notice, or a police report. Non-acceptable documentation is: attendance to a wedding or other social event, early travel arrangements, employer related requirements, a drug prescription, a routine doctor's appointment. Please email me your written documentation, using the University of Memphis email, no later than a week after the exam due date. If the excuse is valid, the absence will not affect your grade. If you miss a lesson test without a valid written excuse, then the total average will reflect a missing score. Be sure that your schedule does not conflict with your course lesson tests!

Participation (3%):

There are 3 participation assignments within this category. Participation and collaboration are very important, even in a hybrid class. Thus, it is very important for you to make at least 2 posts for each one of the Participation items in General Discussions. The postings can be either in English or Spanish. They must be meaningful and related to learning Spanish. You can ask questions, respond to questions, post a web site or other resources that can help the class, and share any tips to learn Spanish. This is like being in class and asking questions or participating in group discussions.

EXTRA CREDIT. THERE WILL BE ONLY ONE OPPORTUNITY FOR EXTRA CREDIT (1%)

You can complete the end-of-the semester survey, inside eCourseware/Assessment/Surveys section, and one point (1) will be added to your final grade.
