## CAREER OPPORTUNITIES

### for German Majors and Minors

So, what can you do with a German major? A major or a minor in German Studies strives for linguistic and cultural proficiency, which broadens a student's horizons and acumen in innumerable ways. Careers in education and translation are directly linked to language skills, however, a German concentration is also a practical enhancement to a major in many other subjects. Given the importance of Germany in the arts, sciences, and global economy, proficiency in German is an advantage in almost any field. Some current German majors at Memphis are also majoring in art history, biology, business, chemistry, economics, English, French, engineering, Egyptology, international business, international studies, math, music, philosophy, and political science. With an eye to your professional future, proficiency in German will give you a competitive edge on the job market. This is a marketable skill which distinguishes you from your peers and furnishes you with opportunities that do not exist for non-German speakers.

## GERMAN STUDIES AT THE UNIVERSITY OF MEMPHIS

---

The historical and current importance of German in the arts, sciences, and global economy is indisputable. German-speakers occupy a prominent place on any list of the world's greatest artists and thinkers, while almost every academic discipline has a strong German tradition, in many cases one that largely defines the field.

The German Section at The University of Memphis is a driving program which recently has seen substantial increases in upper division enrollment, i.e. courses for prospective German majors and minors. We, the professors and instructors in the German Section, would be very excited to welcome you to our close-knit community of scholars. Come meet with us to find out more!

## STUDY ABROAD

### SUMMER ABROAD

The department of Foreign Languages and Literatures sponsors four-week language/ literature courses, usually taking place from mid-July until mid-August, for which students can earn six hours of German credit:

Katholische Universität Eichstätt

Universität Mainz

Universität Bremen.

Scholarships are available through the Office for International Programs.

### SEMESTER ABROAD

Academic Year Program students have the opportunity to study at the Katholische Universität Eichstätt or the Universität Mainz for a semester or an academic year. Students usually take courses in German as a foreign language along with a few other humanities courses. Contact Dr. Nenon for more information.

Students also have the opportunity to study in Germany through ISEP. To learn more, contact Rebecca Laumann at the Center for International Programs and Services, 102 Brister Hall.
